FLEXIBLE PACKAGING AND FILMS

APPLICATIONS

- ◆ Vegetable products
- ◆ Meat products
- ◆ Potato products

CRISPY DEEP-FREEZE FILM

Food-safe packaging

Printing up to 10 colours

High processing speed on packaging machines

This glossy and crispy packaging film is very suitable for optimal shelf presentation of your products. It has the optical and mechanical properties of a PE / PP laminate.

The material is suitable for the high speed processing of today's packaging machines.

The puncture resistance of the material is also very good, especially at cold temperatures.
